

Subject: Weekly Brief for Wednesday, March 15th, 2017
From: LADOT Communications Office <dot_public_info@lacity.org>
Date: 03/15/2017 05:25 PM
To: <aaron@urbanplaceconsulting.com>

Last week, CD 14 Councilmember Jose Huizar, Transportation Engineers Mehrdad Moskar and Mat Talag, and Senior Transportation Engineers Manoochehr Adhami and Verej Janoyan in charge of construction, were joined by community members as a new traffic signal was activated on 3rd St. and Omar St.

Years of Experience Recognized

Mobility Management staff who have served over 25 years of service were honored last week by LADOT with presentation of service pins and certificates. Those being honored for 30 or more years of city service also received commendations at the Transportation Commission's March meeting.

Vision Zero Street Improvements

This Tuesday Vision Zero engineering teams held a training session to discuss innovative design approaches for 40 high injury streets that were called out for improvements in the [Vision Zero Action Plan](#). Over 50 of our engineers are dedicated to designing project elements so that construction can start for all 40 streets by the end of this year. This is a groundbreaking departmental commitment to safety improvements which will help end traffic fatalities by 2025.

Bike Share Highlighted in Mayor's Sustainable City pLAn

Mayor Garcetti released the 2nd Annual Report on the Sustainable City pLAn on March 2, 2017,

highlighting remarkable news which presented that two-thirds of all 2017 goals were accomplished early.

One of these milestones was the launch of the Metro and LADOT Bike Share program in Downtown L.A. on July 7th, 2016, with future expansion goals to Venice and the Port of L.A. currently planned. LADOT is focused on meeting the pLAn's 2025 Outcomes of increasing the number of shared trips and all trips made by transit, walking, or biking by providing more mobility options to Angelenos.

To read the full 2nd Annual Report or to download the Sustainable City pLAn, visit plan.lamayor.org.

Ready..Set.. Go! LA Marathon 2017

The 26.2-mile Skechers Performance LA Marathon will trek along a similar route to last year, going from downtown's Dodger Stadium to the Pacific coast. Along the way, participants will pass some of Los Angeles' most famous landmarks and journey through diverse neighborhoods. The race begins on Sunday, March 19 at 6:30 a.m. Expect delays and congestion in and around the event areas. [See the Traffic Management Plan](#) for further details. See
